

Productspecification

Product name: Tempeh soja naturel standard 5,7 kg (frozen)

Product features

Product description

Tempeh soja is a cake of of boiled and fermented soybeans, with the binding agent the mycelium of the Rhizopus Olryzae Spores. Tempeh has a soft smooth consistency, wich combines excellent with other foods. Cooking Tempeh is traditionally done with soybeans, water, rice, flour and Tempeh starter. Tempeh is a semi-manufactured product.

Lupine, lupine-based products	Z
Molluscs	Z

Physical characteristics

Form / appearance:	Rectangular block Tempeh
Net weight per product	± 5,7 kg
Average size	55 x 36 x 4 cm (L x H x W)
Shelf life in production	12 months deep freeze at max -18 ° C.
Expedition temperature	Max -18°C.

Packaging

Package Contents	Rectangular block Tempeh
Type of packaging	Sealed polyethylene bags
Label	Printed (color) sticker on each package
Quantity per crate	1 piece
Quantity per box	2 pieces
Type of crate	570 x 400 x 100 mm (L x W x H)
Traceability	Product Name + Lot Number + BBD Date (DD-MM-YYYY)
Packaged in protected atmosphere	No

Metal detection: yes

Due date

5-7-2019

Signature

Date last modified: 5-7-2019
